

Curriculum Builder: Add a Presentation with Google Slides

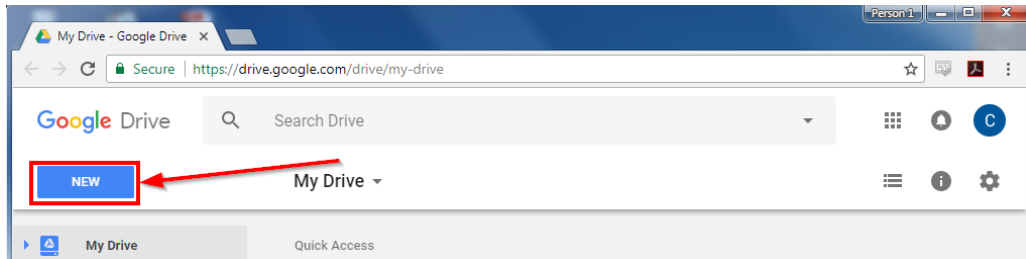

With the Curriculum Builder, you can easily add a slideshow to any lesson with the Presentation Module. This guide demonstrates how to add a pre-existing PowerPoint slideshow to your lesson with Google Slides. Before getting started, you will need a google account.

1. Log into your Google account. Click the "squares" icon in the upper-right hand corner. Select **Drive** from the dropdown menu.

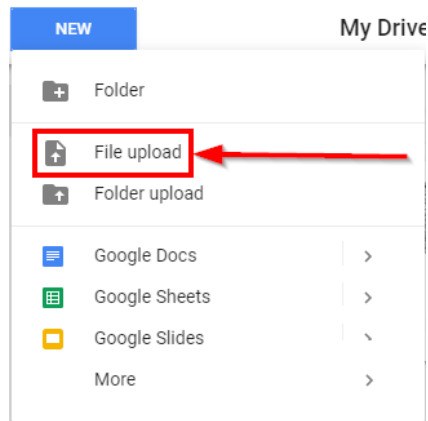

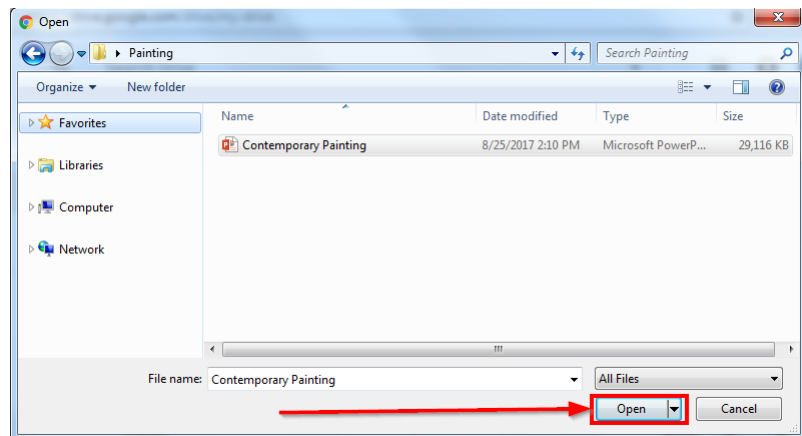

2. Once Google Drive has opened, click **New**.

3. Select File upload from the drop down menu.

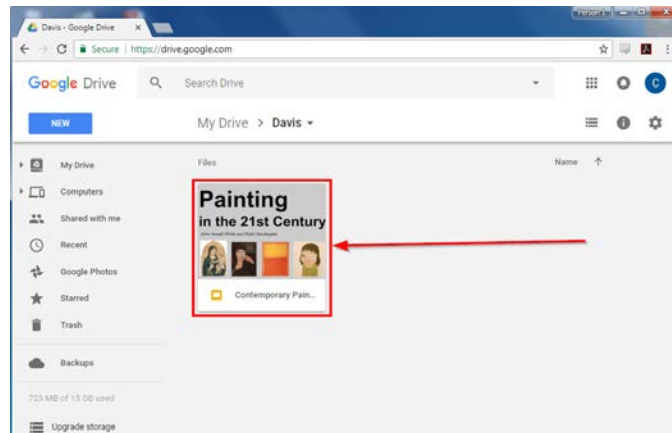

4. Locate the PowerPoint file you wish to use on your computer. Select the file and click **Open**. It may take a few minutes for your file to upload.

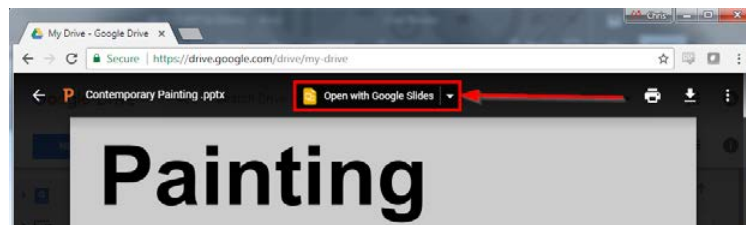

5. When the upload has completed, a thumbnail image will appear. Click the thumbnail.

6. Then Click **Open with Google Slides**.

Your PowerPoint will open as a Google Slides Presentation. It is now ready to add to your lesson in the Davis Digital Curriculum builder.

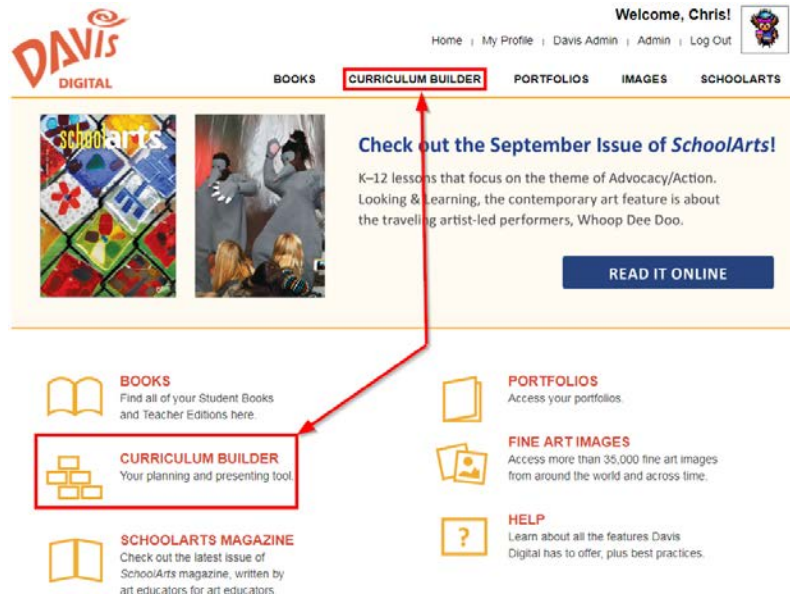

7. Next, open Davis Digital in a new browser tab.

8. Click on the Curriculum Builder links or Icon.

9. Open the class you would like to add the PowerPoint to.

10. Click the **Edit** button.

11. Add a **Presentations** module. For more information, see the **Curriculum Builder: Create a Class** guide.

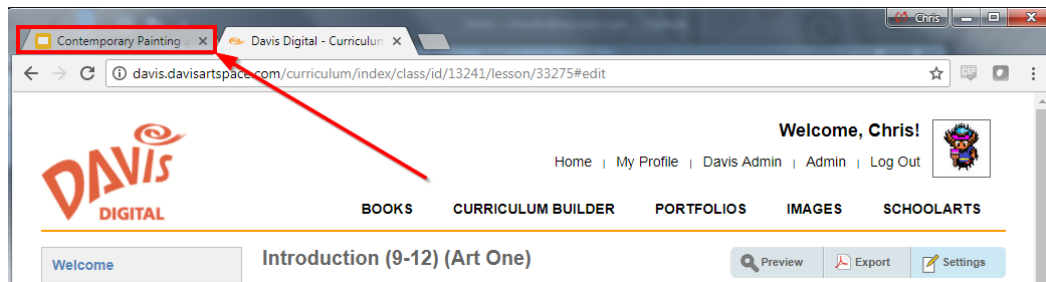

This screenshot shows the 'Introduction (9-12) (Art One)' page in the Curriculum Builder. On the left, there is a 'Welcome' sidebar with a list of units: Introduction (9-12), Moias (K-5), Portraiture Unit (5-8), Perspective (6-8), Expressive Sculpture (9-12), Game Design (CTE), and All Levels. Below this is an 'Add Content' menu with options: Books, Text, Gallery, Fine Art Images, Video, and Presentations. The 'Presentations' option is highlighted with a red box, and a red arrow points from it to the main content area. The main content area has a title 'ART ONE' and a photo of art supplies. Below the photo, there is a welcome message and a list of class rules: Be Respectful, Be Responsible, and Be Open. At the bottom of the main content area, there are links for 'Class Syllabus: Syllabus-IntroArt.doc' and 'Parent Letter/Permission form: ParentLetter3dAdvanced.doc'. There are also 'Preview', 'Export', and 'Settings' buttons at the top right of the main content area, and 'Edit' and 'Delete' buttons at the bottom right.

12. Select the **Google Slides** tab.

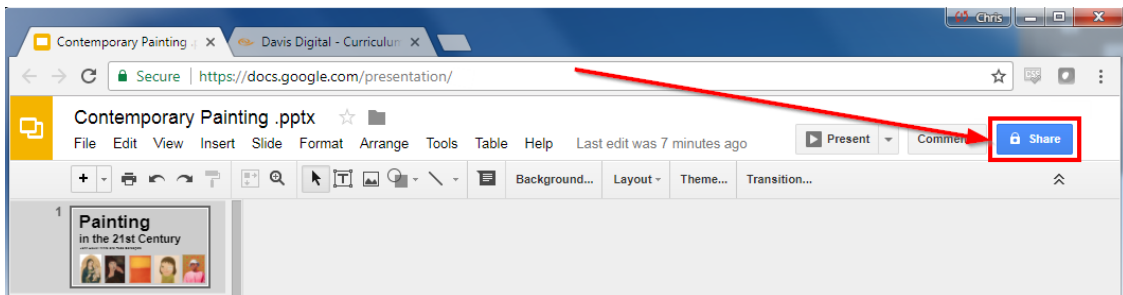

This screenshot shows the 'Presentations Module: Create' dialog box. At the top, there are tabs for 'VoiceThread.com', 'SlideShare', 'Google Slides', 'Prezi', and 'Schooltube'. The 'Google Slides' tab is selected and highlighted with a red box, with a red arrow pointing to it from the left. Below the tabs, there is a text prompt: 'Please choose File->Share within Google Docs, make it publicly viewable, and copy and paste the Share URL below'. Underneath this is a label 'Embedded code*' followed by a large empty text input field. At the bottom right of the dialog box, there is a yellow 'SAVE' button.

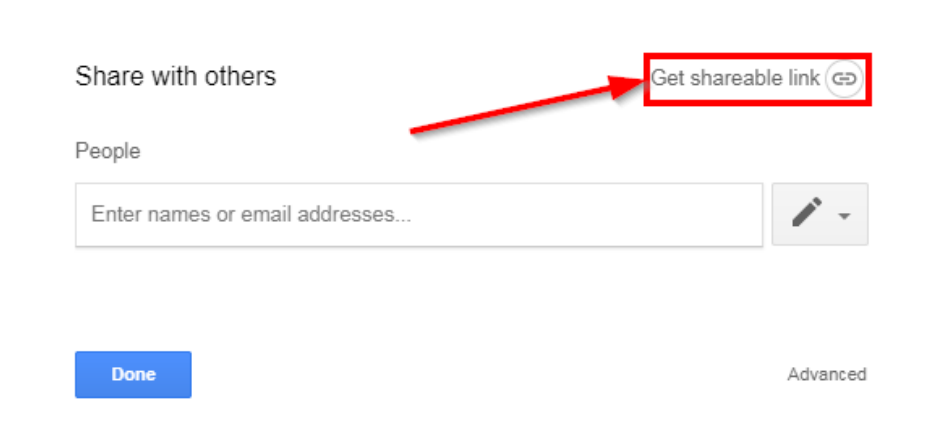

13. Next, return to Google Drive by clicking on the previous tab in your browser. This will return you to the PowerPoint presentation you just uploaded.

14. Click the **Share** button.

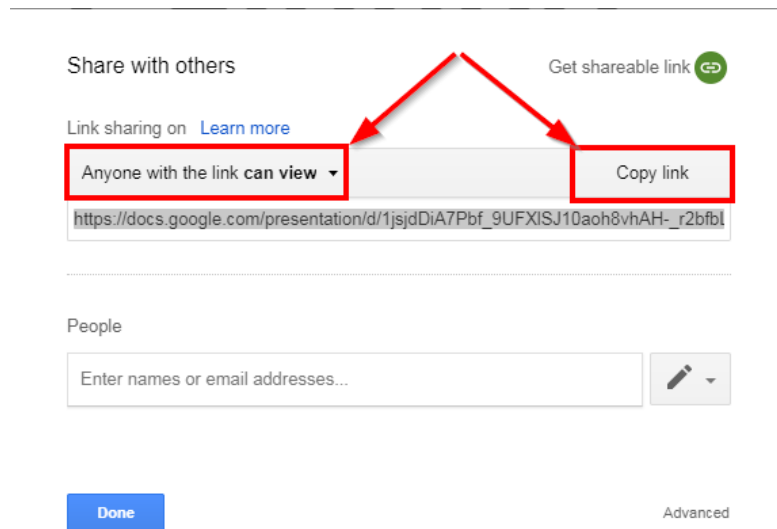

15. Then click **Get shareable link**.

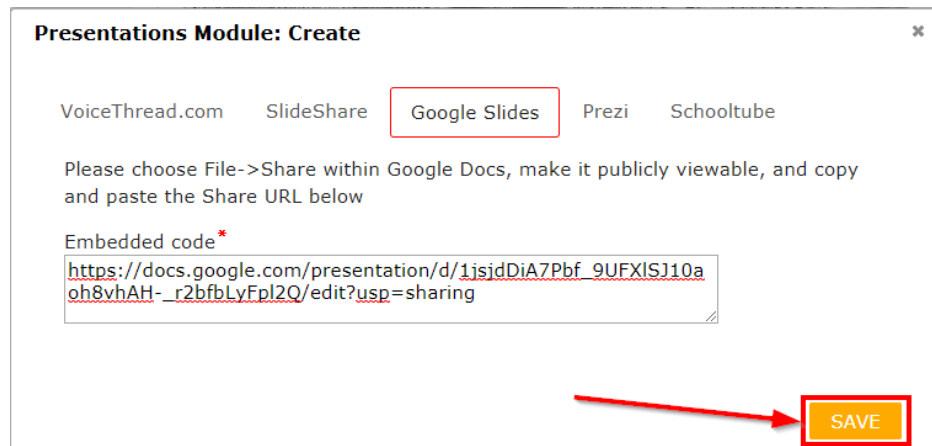

16. Be sure that "Anyone with the link can view" is selected. Then click **Copy link**.

17. Return to the Davis Digital Curriculum Builder and paste the link into the Presentations/Google Slides tab (See steps 7-12). Click **Save**.

18. Your presentation has now been added to your Curriculum Builder lesson.
